Sir,

In submitting herewith copy of letter dated the 10th instant received from the Public Works Secretariat, I most humbly and respectfully crave the indulgence of a representation of my case. It is therefore necessary to give a short outline of the same.

2 I am the purchaser and owner of the building now known as the "Empire Hotel" near the Railway Station and close to Nanjaraja Bahadur's Chattrum Mysore City.

3 The Mysore water supply and stores Division wanted to lay pipes in my compound. In this connection several D O -- letters passed between me and the Officers concerned regarding the terms on which I would allow them to make use of a portion of my compound site for the purpose - vide copy (herein enclosed) -- of my letter dated 3rd September 1908 to the address of the Vice President Mysore City.

4 The officers concerned laid the pipe line in my compound without informing me the result of my proposals. This long silence induced me to believe that some consideration would be shewn to me and so I did not press the matter. But now I see that the authorities have been pressing me for the water tax etc and when my claims are advanced they turn a deaf ear to it.

5 In these circumstances I most respectfully pray that petition may be favourably heard and disposed of early.

Your most obedient and humble servant,

Mysore,

Sir,

With reference to your letter and the conversation of yesterdays morning, I have the honour to state that I have no -- objection to the water supply Department laying the water main - through my compound on the following conditions --

(1) No objection should be raised in future in case I have to build upon the main

(2) The compound walls if damaged while excavating the --- trenches should be repaired by the water supply department

(3) A fire hydrant for fire protection may be put in my-compound free of charge in return for the free use of my land - which I allow for this main

I think these conditions are reasonable, if it is not possible to give a fire hyarant, I may, as a concession be exempted - from the water tax

I shall thank you to let me know whether you are agreeable to these conditions before the main is put in my compound

I have the honor to be,

Sir,

Your most obedient servant,

Public Works Secretariat,

Bangalore, 10th November 1910

Dear Sir,

In reply to your letter of the 14th September 1910, I write to inform you that the Executive Engineer, Water Supply and Stores Division, in reply to enquiry, reports, that no action is required by this Department but that the Vice President will have to settle the compensation for the piece of land in the compound of your Hotel through which the water main passes

I am reminding that gentleman to expedite the matter

You may also address him

Yours faithfully,
